SUBJECT: <u>RE</u> Litton Industries - FOIA Request (A-101)RIN 5591-93			
SUMMARY OF COMMUNICATION Telephone Call from Kurt Stand (7/20/83)			
<p>Kurt Stand, Organizing Media Project, Inc. Washington, D.C., the FOIA requestor for certain documents we have for the Litton Industries. In the opening paragraph of his letter he requested access to certain enforcement documents but near the end of his letter he said "If there are any fees for searching for, or copying, the records I have requested ..."</p> <p>I called Kurt Stand back the next day (7/21/83) and told him he could have access to every document but one and the attachment to that document came from a State inspection report and that part of that document is enforcement sensitive also. Mr. Stand said well, will you make me copies of everything else that I requested. I said I thought you just wanted access to these documents and he brought my attention to the above quoted phrase so I said O.K. He said he would like to have all these documents (copies) by August 11 because after that date he will go on vacation. I said I could not make a commitment to him on that date but I would do my best at getting the work done ASAP but that I have other commitments to meet. He said O.K., no big deal, but that it would be nice if he could receive the documents before he leaves for vacation.</p>			
CONCLUSIONS, ACTION TAKEN OR REQUIRED			
<p>The one document that has been declared "Enforcement Sensitive" by CNSL per Mike Sanderson (7/21/83) is:</p> <p>Memo to Robert L. Morby, Chief, from Michael J. Sanderson, Chief, Subject: Potential Order, Pursuant to Section 3013 of the RCRA, (3) page document dated May 11, 1982.</p>
